

304: XCTest In Practice

Part 5: Conclusion

What You Learned

- ⚙️ **Demo:** Async testing, Core Data In Isolation, Mock APIs.
- ⚙️ **Lab:** Test That Your Core Data Model Can Open Existing SQLite Files
- ⚙️ **Challenge:** Adding a new model version + tests to a live and mock API at the same time.

Where to go from here?

- ⚙️ **UI Testing:** KIF from Square - Tutorials available on RayWenderlich.com. FRY from RaizLabs.
- ⚙️ **Continuous Integration:** Xcode Bots, Travis CI, Jenkins
- ⚙️ **Code Coverage:** gcov/lcov, codecov.io, XcodeCoverage*
